

ECE 404 Turnin Instructions

Spring 2015

Electronic Turnin Instructions

1. All homework to be submitted on-line through the turnin command on shay.ecn.purdue.edu.
2. Log into shay.ecn.purdue.edu using your Purdue career account.
3. From shay.ecn.purdue.edu, go to the directory where your homework files are. e.g., if /home/hw5 is your directory structure, goto /home/hw5
4. Type in the following command turnin -c ece404 -p hw<homework assignment number> <your files separated by a white space>
5. As an example, someone submitted his/her files (hist and poly cipher) for HW1 would type:

turnin -c ece404 -p hw01 cipher.pl cryptBreak.pl (if using Perl)

turnin -c ece404 -p hw01 cipher.py cryptBreak.py (if using Python)

6. You should get a statement that says "Your files have been submitted to ece404, hw1 for grading". You can verify the submission by typing "turnin -c ece404 -p hw <number> -v".
